

FEDERAL LEARNING MANAGEMENT SOLUTIONS

IMPROVING MISSION PERFORMANCE THROUGH STRATEGIC LEARNING MANAGEMENT

Meridian Knowledge Solutions, a trusted learning solution for some of the largest federal agencies. Meridian empowers federal agencies to train and develop their people with Meridian LMS, a highly-scalable, enterprise learning solution that fosters new levels of collaboration and performance.

At the core, Meridian LMS supports an organization's user access to learning from desktop or mobile device. Meridian's learning management solution helps the government address learning challenges across complex federal infrastructures with fully-extendable and flexible deployment options. Meridian LMS meets the most stringent government security requirements.

In addition, as federal strategic skills become more critical, Meridian helps federal organizations retain skilled labor through a combined focus on knowledge transfer and employee development.
